OFFICER REPORTS

Chair:

Hello NACONA,

We are six (6) months from our event.

We need convention bids (we don't have merch bids or merch sales).

Discuss speaker — by next month.

Contract entertainment.

Pre-register in full swing.

Please allow report to be given without interruptions or redundant questions.

I have received a call about a possible speaker.

Chuck fielded the call and handled it nicely.

I picked up stuff — Moina abandoned, so there's that.

We need to plan 4 pre-registration tables at upcoming events where we can also get NA CONA & merch sold.

In service,

Joe W.

SUBCOMMITTEE REPORTS

Programming:

Good morning, Family,

Programming is going well. We are continuing to select additional workshop speakers and workshop topics.

There is not much else to report this month. Any suggestions from committee members would be welcomed and appreciated.

Additionally, we received the contract for Jackie for the tape recording. This was the only contract bid received.

In Loving Service,
Bob F.

Information & Welcoming:

April 11, 2026

With the help and support of Barb, we looked up recovery-based housing and institutions in the Prescott/Prescott Valley area, totaling 20 at this time.

I have started compiling a list of supplies needed for this position's tasks (i.e., envelopes, etc.).

I will begin to call and confirm their interest in attendance and "hugger" position this month. As I receive confirmations, I will prepare the letters to be mailed out.

Thank you for letting me be of service,
Bella

CONTINUED SUBCOMMITTEE REPORTS

Liaison:

I was able to make it down to the spring fling event, as well as Jerome. I plan to hit Flagstaff to pass out brochures and fliers to help spread the word about the NACONA convention.

Mike C.

Hospitality: OPEN

Registration:

So far, 11 full registrations and 2 basics have been bought.

Merchandise:

I ended up missing MACNA, due to my daughter having health complications, so I had to fly out of state for a few days. I haven't been able to sell much of the merchandise because we have a lot of people interested in it, but I'll keep working on it. I have an email from deadline industries concerning how he can set up our shop for merchandise, etc., and I have an appointment today at 2 PM to talk with renegade recovery to discuss in detail what they had to offer us. I have yet to hear back from the third party that Aleena was previously in contact with. As more develops with the conversation this afternoon, as well as the email that I have from the other company, will be posted in the group chat today.

Thank you.

Josh B.
